

Scholarship Opportunity for Southwest Ohio Information Technology Students

The goal of the Technology First Internship and Robert V. McKenna Scholarship is to build awareness among current college students of the rich and vibrant information technology industry in the Southwest Ohio.

Technology First, with support from the Robert V. McKenna Golf Tournament committee, has awarded information technology college students with over \$40,000 in scholarship money since the beginning of their collaboration. Students who demonstrate outstanding academic records in IT-related majors, leadership qualities and professional demeanor are eligible and should apply.

Scholarship applications are available online in the Employment Exchange section of www.technologyfirst.org

The deadline for *complete* applications is March 22, 2010.
