

## **Microsoft Office 2007 Student Select Discount Now Available to Sinclair Students in the Sinclair Bookstore**

Sinclair students can now purchase the Microsoft Office 2007 Professional Software suite at a **discounted price of \$75.30 + tax.**

This discount is available through Sinclair's agreement to take part in Microsoft's Student Select License Agreement.

**Students must print out and complete the Academic Select Student License Agreement form and bring it to a Bookstore register to purchase the software. The form is available at the following link: <http://bookstore.sinclair.edu/>. It is also available in the store.**

Microsoft requires that students sign this form when purchasing the software CDs. Microsoft also requires Sinclair Community College to use information from this form to maintain information about the software distributed to its licensed users. Microsoft requires this information in the event that the company would need to perform a software audit of their agreement. This information is maintained by Bookstore staff, and **the information will remain confidential.**

**A Tartan Card and a current Fee Bill are also required to purchase the software for students.**

Additional information about Microsoft's Student Select Licensing program is found at: <http://www.microsoft.com/Education/studentselect.msp>.

Additional Microsoft software is available for purchase under other higher education academic discounts in the Sinclair Bookstore.

If you have any additional questions about the Student Select License Agreement with Microsoft, please contact the Bookstore at 937-512-2506.

**NOTE:** Office 2007 is also available for use by students on campus in some Open Labs. For a list of Open Labs, go to: <http://www.sinclair.edu/technology/labs/>.
