Sinclair Community College Annual Police Report 2010 – Englewood

A message from the Director of Public Safety

I want to take this opportunity to introduce your Sinclair Police and to provide you with some facts about police operations. Staffed by one Chief, two Captains, four Lieutenants, 15 police officers, eight dispatchers and three student security officers plus a myriad of part-time personnel, it is important to realize that Sinclair Police is a complete law enforcement agency with full authority and arrest powers, exactly the same as any other police department within the State of Ohio. Our officers are certified through the Ohio Peace Officers Training Academy and maintain their certification through a rigorous in-service training procedure remaining current with changes as they occur. Officers are dispatched from a dispatch center, fully staffed by trained professionals 24 hours a day, seven days a week. Dispatchers have at their disposal, access to Ohio's Law Enforcement Automated Data System, the Ohio Law Enforcement Gateway (OHLEG), the National Crime Information Center computer system and local law enforcement automated data systems. Sinclair Police maintain five cruisers, four of which are marked, in order to provide a rapid response when necessary.

This annual report represents only one of our efforts as we comply with the provisions of the Jeanne Clery Act, a mandatory crime reporting requirement for all colleges and universities across the nation. The Clery Act allows you to compare serious crime on every college or university as the reporting requirements are identical. Crime at Sinclair is very low, so low in fact that you are safer on the campus of the college than anywhere else in the City of Englewood. Nevertheless, we all, faculty, staff and students must keep in mind that the potential for crime does exist and as a result, we all need to be ever mindful of our surroundings and take the time to report situations which appear out of the ordinary.

The information contained within this report is provided to inform the Sinclair Community College community, and others, of the activities provided by and involving your Sinclair Department of Public Safety that exists within the Sinclair Community College. As the Director of Public Safety, I urge you to read the information within the website located at: <http://police.sinclair.edu>. Please feel free to contact me, or any member of the Sinclair Police, with any questions or concerns.

Copies of this annual report may also be obtained from the Sinclair Police office, Building 7 (Dayton campus), room 7112 by any current employee or student or by any prospective student. All prospective employees may obtain a copy from Human Resources, Building 7 (Dayton campus), room 7340 and the web site address is attached to Sinclair employment applications.

Reporting Crimes and Emergencies

Crimes occur throughout society, and college campuses are not exempt. Sinclair prides itself for its safety record and is committed to continue providing a safe environment. While on campus be aware of personal safety along with the safety of personal belongings. Students, faculty, staff and visitors are expected to conduct themselves as law-abiding members of the campus community.

If a crime does occur, it should be reported to the Englewood Police who will investigate the incident and initiate the required legal actions. Sinclair Community College Annual Police Report 2010 – Englewood

Voluntary Confidential Reporting

Sinclair Police encourage anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, Sinclair Police cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to the Miami Valley Crime Stoppers at 222-STOP or 1-800-637-5735.

Reports made in confidence to a Pastoral Counselor employed in Campus Ministry are not reported to Sinclair Police for inclusion in the annual crime statistics report.

Timely Alert Warnings

Sinclair Police maintains a continuous liaison with Englewood Police especially when a serious crime occurs on adjacent streets or sidewalks to the campus.

It is the policy of Sinclair Community College and Sinclair Police to alert the campus community to certain crimes and safety/security issues occurring on campus, or in the immediate vicinity of the campus. Generally, this area will include the streets adjacent and/or adjoining campus property. However, notifications about incidents occurring outside of this area when they are likely to have a significant impact on members of the college community may also be issued.

Alerts are required for all incidents that constitute Jeanne Clery Act Crimes and are considered to represent a serious or continuing threat to the campus community. These crimes include: Murder and Non-Negligent Manslaughter, Sex Offenses, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson and Hate Crimes.

Alerts may also be issued for crimes other than "Clery Act" crimes that pose a serious or continuing threat to the campus community (e.g. kidnapping) and for non-criminal emergencies that pose a significant or continuing threat to the campus community or a segment of the campus community (e.g. weather related emergencies, maintenance issues, environmental health and safety issues, etc.).

Faculty or staff who learn of information which may warrant the issuance of a "Timely Alert" warning should notify Sinclair Police as soon as possible.

Alerts are issued at the discretion of the College President, the Chief of Staff, the Director of Public Safety, any Vice President or the Director of Public Relations. Consultation is expected among the authorizing authorities available at the time of the incident if time permits. Any Sinclair Police Lieutenant may issue alerts without authorization from the individuals listed above in emergency situations for in-progress life-threatening situations, if they are not otherwise detained at the incident.

Alerts are posted to all student e-mail accounts, all full-time and part-time employee e-mail accounts, on the campus computer network, on bulletin boards throughout the campus and on the department's web site at <http://police.sinclair.edu> and posted on NIXLE. Such notifications are the decision of the President's or designee's office.

It is important for students, faculty and staff to not only stay aware of crimes occurring on campus but also on adjacent streets and sidewalks surrounding the campus. Anyone with information warranting a timely warning should report the circumstances to Sinclair Police by phone (937-512-2700) or in person at the Sinclair Police office in Building 7, room 7112 at the Dayton campus.

Immediate Notifications in the Event of An Emergency

If there is an in-progress significant emergency or dangerous incident that poses an immediate threat to the members of the Sinclair community such as an earthquake, active shooter, structure fire, hazardous materials leak, or similar major incident, the college will use some or all of the various communication systems listed below to quickly communicate information to the campus community. Sinclair will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

- All campus e-mail and/or all student e-mail accounts
- Notification on the official college site on NIXLE (see below for sign-up information)
- Campus emergency paging system (Dayton Campus only)

An emergency message may contain the following information, depending on the specifics of the situation:

- Nature of incident
- Specific location of incident, i.e., Building, Room, Center, etc.
- Description of person(s) involved
- Description of property involved
- Necessary further instructions, i.e., shelter location, evacuation process, etc.

Notifications may be used to notify students and staff of major events of an important, but non-emergency nature, such as a widespread and long lasting power outage, or other events that require class cancellations or evacuations.

Alerts are issued at the discretion of the Director of Public Safety/Chief of Police or his designee. Once the emergency is over, an “all clear” message will be made using some or all of the various communication systems listed above.

During regular business hours, the Englewood Learning Center is open to students, parents, employees, contractors, guests and invitees. During non-business hours access to all campus facilities is limited to faculty and staff with prior written permission from the appropriate college official or by admittance by Sinclair Police. Maintenance and Security of Campus Facilities

Sinclair Community College maintains a strong commitment to safety and security. Exterior lighting is an important component in keeping the campus safe. Motor vehicle parking lots, pedestrian walkways and building exteriors are well lighted, and the Sinclair Police staff conducts formal inspections of exterior lighting on a regular basis. The results of these inspections are forwarded to the building coordinator, who gives high priority to maintenance of exterior lights needing repair or replacement. In addition to these weekly inspections, Sinclair Police officers routinely identify formal lighting problems in the course of their patrols and notify the building coordinator of repairs needed.

As part of the routine and directed patrols, Sinclair Police personnel and Englewood Police officers inspect exterior doors on campus facilities. Exterior doors on all campus buildings are locked and secured each evening by the Sinclair staff. These employees report door and security hardware operating deficiencies to ensure prompt repairs are made. In addition, landscaping is evaluated on an annual basis.

Sinclair Police Authority and Jurisdiction

To reduce crime and ensure members of the campus community are as safe and secure as possible, Sinclair Police employs 22 full-time and two part-time sworn professional police officers. All sworn officers have attended over 720 hours of training through the Ohio Peace Officer Training Academy and are certified as police officers by the State of Ohio. In addition, the officers undergo continuing specialized training in firearms, first aid, CPR & AED, defensive tactics, legal updates, and other law enforcement related subjects to maintain their skills.

In addition, there are three full-time and five part-time dispatchers, nine Safety Information Officers assigned to the Learning Centers and the Courseview Campus, over 80 part-time safety officers, three student officers, one clerical staff person who serves in supporting roles, one administrative assistant to the Chief and one safety coordinator. The members of these units do not have statutory arrest powers, but work to assist police with safety matters. The department has motorized patrol, bike patrol, and foot patrol of campus buildings, grounds, and parking garages and lots.

Sinclair Police operates 24-hours a day, seven days a week, including holidays when the campus is normally closed. Firm but reasonable enforcement of State laws, Dayton City ordinances and rules and regulations of the college, coupled with community-based policing, crime prevention and safety programs, helps to meet these responsibilities. It is the goal of every member of Sinclair Police to promote, preserve, and deliver safety through quality services to the members of the campus community.

It is the policy of Sinclair Police to encourage accurate and prompt reporting of all crimes or incidents to police. Englewood Police investigate incidents of a criminal nature and initiates, before a court of law, any required legal action.

Sinclair Police maintain LEADS (Law Enforcement Automated Data System) and NCIC (National Crime Information Center) terminals. Through these systems, police personnel can access local and national databases to access information involving criminal history data, nationwide police records, driver/vehicle information, as well as other local, state and federal law enforcement information.

Student Judicial Affairs

Through coordination with local law enforcement agencies and other college and universities, any criminal activity engaged in by students at off-campus locations is monitored and recorded. This information is provided to the Manager of Student Judicial Affairs for any action or follow-up that may be required. The Manager of Student Judicial Affairs is responsible for on-campus student disciplinary proceedings. Sinclair Police and the Student Leadership Development Office work collaboratively to resolve incidents of student misconduct that affect College policies and procedures.

Sinclair Community College believes in providing due process for any students involved in the college judicial process. In all situations students and student organizations will be assured of fair and equitable treatment through consistent adherence to the due process procedure as described herein:

1. Be notified of any complaint filed against the student.
2. Be heard in an unbiased non-threatening environment.
3. Know the identity of the complaining party (unless it will cause a clear and present danger to the complainant).
4. Be notified of any sanctions or actions in writing.
5. Be notified of the appeals process.

Sinclair Community College Annual Police Report 2010 – Englewood

Assessments are designed to identify problems and recommend corrective action to improve security on campus. The Crime Prevention Officer also conducts an annual security assessment of college landscaping in coordination with the building coordinator.

Prohibition of Firearms

Firearms are prohibited from all Sinclair campuses and college-managed facilities. If you have a firearm and need a place to secure it, place the weapon in the trunk or storage unit of your vehicle.

Sinclair Community College Annual Police Report 2010 – Englewood

Notices may be made via flyers on bulletins and distributed to offices, e-mail and/or fax notices to offices and on the department's web site at <http://police.sinclair.edu>. For additional information, please see page 5.

Environmental Hazards

The policies and procedures of Sinclair's Dayton Campus involving environmental health and safety also govern the Learning Centers and the Courseview Campus Center. All centers will contact the downtown campus in the event of chemical spills or other environmental safety hazards. Routine hazards, including snow removal, are handled by outside contractors.

Drug and Alcoholic Beverages Policies

In addition to maintaining strict compliance with all state and federal laws, Sinclair Community College has its own drug and alcohol policies. The following acts are prohibited on college premises, on college-controlled property or at college-sponsored activities and events:

In addition to disciplinary sanctions imposed through college procedures, including suspension or expulsion from the college, students and employees may face criminal prosecution under city, state and federal laws. College employees may be disciplined under direction of the Human Resources Office. Faculty and staff members are not excluded from prosecution merely by virtue of their position of employment.

The college supports students' intentions to obtain assistance for problems related to substance abuse in the following ways:

Sinclair Community College Annual Police Report 2010 – Englewood

Sexual Assault Policy

Sinclair Community College does not tolerate sexual assault, coercion, exploitation, or other form of sexual misconduct that offends the dignity of any member of the college community. Sexual assault, whether occurring on campus or at college-sponsored activities, is both a violation of the standards of the college and a criminal act within federal and state laws. Individuals who believe they have been the victim of a sexual assault may pursue resolution on campus and/or criminal action against an alleged perpetrator.

The college strongly encourages any person who has been sexually assaulted either on or off-campus to contact Englewood Police and to notify learning center staff immediately. The victim can elect to report the crime to any of the individuals listed on page 4. Filing a police report will not obligate the victim to prosecute or subject the victim to scrutiny or judgmental opinions from the College. Filing a police report will:

- Ensure that the victim receives the necessary medical treatment and tests
- Provide the opportunity for the collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam)
- Assure the victim has access to confidential counseling through Counseling Services

What to Do If You Become a Victim

If an individual becomes the victim of a sexual assault, the first priority should be for the victim to get to a place of safety. The victim should then obtain the necessary medical treatment. Sinclair Police strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor because of the importance for preserving evidence that may be needed for prosecution.

Sinclair Police will assist the victim in navigating through the criminal justice system. Sinclair Police will also pursue on-campus disciplinary procedures through Student Judicial Affairs. Both the accused and the victim are entitled to the same opportunities to have others present and both parties will be informed of the outcome of any hearing. Options and assistance in changing classes subsequent to an alleged sexual assault can be arranged, provided such options are reasonably available. Sanctions imposed by Student Judicial Affairs range from verbal warnings to expulsion depending on the severity of the offense. It is important to realize that on a national level, at least one third of all reported sexual assault victims know their attacker – this person may have been a date, steady boyfriend or girlfriend, or casual friend. This is called “acquaintance rape” and it can happen to anyone.

A Sinclair Police official or a counselor from Counseling Services will guide the victim through the available options and support the victim in his or her decision. Various counseling options are available from the Dayton Campus’ Counseling Services Department and Campus Ministry from within the college. Outside campus resources include the Abuse and Crisis Center of Warren County and the Victim/Witness Division in the Warren County Prosecutor’s Office. The Sinclair Title IX coordinator will conduct an investigation of the incident independent of the police department in accordance with the Clery Act.

There are several educational programs, such as self-protection, date rape, sexual assault and fire safety seminars that are available for any group or organization on campus. The RAD Program (Rape Aggression Defense course) is also available. RAD provides basic information on personal safety, awareness, risk reduction and avoidance. The program teaches practical defensive techniques that require no special skills. In addition, Sinclair Police sponsors the annual Safety Awareness Expo that takes place during fall quarter at the Dayton Campus. The Expo provides the opportunity for all students, staff and faculty to learn more about safety from a variety of area safety agencies. All personnel and students are encouraged to take advantage of these programs. For further information, contact Sinclair Police at (937) 512-2700.

Sex Offender Registration

The Campus Sex Crimes Prevention Act of 2000 (CSCPA) is a federal law that provides for tracking of convicted, registered sex offenders enrolled at, or employed by institutions of higher education. This Act amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act. This law requires the Montgomery County Sheriff's Office to provide Sinclair with a list of registered sex offenders who have indicated that they are enrolled, employed or carrying on a vocation at Sinclair.

The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

Sinclair Police maintains a list at the Dayton campus of registered sex offenders who are required to advise the department when they register for class.

A list of all registered sex offenders are available on the web sites listed below.

Community Responsibility

The cooperation and involvement of students, faculty and staff in their own safety and security is crucial to maintaining a safe campus environment. All members of the Sinclair community can assume responsibility for their own safety and well being, and security of their belongings, by taking simple, common sense precautions. Sinclair Police make every effort to protect and serve everyone in the campus community, but the college cannot help those unwilling to help themselves. Sinclair Police hopes that all members of the campus community for a partnership built on mutual respect and cooperation, and through this partnership ensure a safe and secure learning and working environment.
