

## WEB DEVELOPER

The position is part time for now but could grow into full time quickly. Pay would start ONLY after the person's competency and responsibility are proven. Starting pay between \$10.00 and \$15.00 an hour or by the project. An intern may be considered for someone near graduation. Note: contact information below...

I need someone to set up, complete and operate the following:

- 1) Update web sites and add video clips.
- 2) Create YouTube marketing videos.
- 3) Some advertising and sales experience or classes to create ads for both print and online marketing.
- 4) Locate software, set up and operate an email marketing campaign.
- 5) Set up and maintain Social Media marketing, Facebook, Twitter and Linked.
- 6) Software knowledge of Adobe Illustrator and Photo Shop.
- 7) Set up a new computer and down load software.
