

**WaterBotics**  
**Waiver, Release, and Hold Harmless and Research Consent**

On behalf of myself and my child, I grant permission for my child to participate in the WaterBotics project facilitated by Sinclair Community College. I understand that WaterBotics is an underwater robotics program to teach students about science, technology, engineering, and mathematics concepts. Teams of students will build small tabletop robots and maneuver them in a small, shallow wading pool.

On behalf of my child, I hereby give Sinclair Community College permission to photograph and video record my child, and I give Sinclair Community College permission to use such photographs and video recordings for the purposes of promoting the WaterBotics program. I understand that my child's name will not be listed or posted in connection with any such photograph or video recording.

I give Sinclair Community College permission to administer pre-tests, post-tests, and surveys to evaluate the project's effectiveness. I have received, reviewed, and signed the disclosure form for the testing and surveying.

In consideration of this permission and the privilege allowed to my child to participate in this project, I specifically agree that I will indemnify and hold harmless Sinclair Community College from any and all losses, claims, actions, or proceedings of any kind or character which may be presented or initiated to recover money, property, or damages for any injuries to persons or damages to property suffered at or around Sinclair Community College in connection with my child's participation.

I covenant for myself, my estate, my executor, my heirs, my child, and my assigns not to initiate any claim or file suit against Sinclair Community College in respect to any personal injury, property damage, or death my child may experience or sustain arising directly or indirectly from participating in this robotics program at Sinclair Community College. I additionally covenant for myself, my estate, my executor, my heirs, my child, and my assigns not to initiate any claim or file suit against Sinclair Community College for recovery of the materials involved in my child's team project or for recovery of compensation for the ideas or concepts underlying my child's team project.
