CJS 280: Training required by the State of Ohio for prospective police officers. This course includes one-half of the required training in order to be eligible for certification to perform law enforcement duties. The academy provides the necessary content and training for individuals to become certified peace officers in the State of Ohio. All law enforcement officers in the state must successfully complete an academy prior to performing the functions of a peace officer. Graduates of this program typically seek employment as police officers, sheriff's deputies, park rangers or other positions in Ohio which require a law enforcement commission. The Sinclair Academy has placed nearly 2,000 graduates in more than 175 law enforcement agencies in Ohio. Entrance into the basic peace officer academy is a competitive process and not all applicants are accepted. The academy consists of nearly 700 hours of instruction spaced over two consecutive quarters of training. The curriculum is intensive and participants must devote significant time and effort to complete the program. Academic, physical fitness, firearms and other demanding skill sets are included in this program. At the conclusion of training students are required to take a 200 question written final exam administered by the Attorney General's Office to receive a certificate of completion. The basic peace officer academy is offered in Winter and Summer sessions. The application period for the Winter Academy is conducted during the Fall quarter. The application period for the Summer Academy is conducted in the Spring quarter. Please

contact the Academy for more details on this program. The basic peace officer academy prepares graduates for entry level peace officer/police positions. The basic curriculum follows the required content and instructional standards set by the Ohio Peace Officer Training Commission. This training is mandated by the State of Ohio Attorney General for all Ohio law enforcement officers. This course is the first half of the required training in order to be eligible for certification as an Ohio Peace Officer, capable of performing law enforcement duties. The second half of training **MUST** be taken the following quarter to complete the course. **NOTE:** Training included in CJS 280 and 281 are a combined minimum of 585 classroom hours and require mandatory attendance. Prospective students must understand the commitment required for the training. Attendance at all training sessions is mandatory - this course requires a substantial commitment of time and commitment to complete.

CJS 281: Preparation for entry level peace officer/police positions. Curriculum follows the required content and instructional standards set by the Ohio Peace Officer Training Commission. This course includes one-half of the required training in order to be eligible for certification as an Ohio Peace Officer to perform law enforcement duties. This program provides the necessary content and training for individuals to become certified peace officers in the state State of Ohio.

Specialized Courses

Description

The Nurse Aide Training (NAT) program prepares the student to become a nurse aide in Ohio's long term care facilities. The program is balanced between classroom and clinical skills training and provides a meaningful, practical skill development opportunity. At the conclusion of the NAT program, the nurse aide will receive a certificate and be eligible to take the required written and skills state certification test.
