Section _____

Math Lab Work Log

You must complete this work in the Math Lab, Room 1315. Show this sheet to the Lab Assistant when you sign in. They will ask you what chapter and section, or what topic you wish to work on. Make sure that time-in, time-out, date, chapter, section, and topic information is filled out and verified by the Lab Assistant before you sign out. If you are using a computer, write your problems down on a separate sheet of paper, showing your work, and attach your work to this sheet. If you are watching a videotape, write down the examples on the tape, showing all work, and attach to this sheet. Credit points assigned (if any) will be determined by your instructor, so make sure your Lab work is neat, organized, and reflects the amount of effort you are putting into these programs and tapes.
