

2011 Scholarships

Sinclair Foundation

The Sinclair Community College Foundation is a 501(c)(3) tax exempt organization established in 1969 to provide funding for student and college needs not otherwise covered by other means of financial assistance.

Through student scholarships and program support, the Sinclair Foundation fulfills its mission: to ensure that higher education opportunities are easily accessible. In 2010, students were provided with \$569,013 in scholarships. These scholarships and program funding efforts are made possible by individual and corporate donors who have given gifts to the Sinclair Foundation. This ongoing, generous support makes it possible for us to assist greater numbers of students in achieving their dreams of a college education.

Thanks to the continuing support of the Foundation, Sinclair remains one of the nation's leading community colleges, which makes our community an even more desirable place to live and work.

PAYING FOR EDUCATION

One of the most valuable benefits of a Sinclair education is its affordable tuition. The money that you save while attending Sinclair can provide you the means to explore even more options as you continue your education. There are many ways that you can choose to pay for your education. Sinclair offers financial aid through federal, state and private programs in the form of scholarships, grants, work-study and loans. Last year more than 54% percent of our students benefited from this aid. Programs are available for both full- and part-time study. Sinclair also offers the FACTS Payment Plan for students who are unable to pay their bill all at once.

SCHOLARSHIPS

Scholarships should be the first source of aid that you look to for funding your college career because they do not have to be paid back. Sinclair awarded at least one scholarship to over 4,800 students in 2010. They may be given to students who show potential for excellence in a certain subject or field of study. Merit based scholarships are awarded based upon academic achievement. Financial need, group affiliations, community involvement and other criteria may be considered for non-merit scholarships.

New High School Graduate Scholarships are offered to new students based on high school academic performance. Sinclair is proud to award a generous amount of scholarships to incoming students each year. These scholarships are available during the school year immediately following high school graduation and range from \$900 - \$2,250 per year.

Presidential Scholarships are offered to new high school graduates whose credentials are above and beyond the general scholarship requirements. Other criteria considered for these awards include leadership, extracurricular activities and community service.

GRANTS

Sinclair students who demonstrate a financial need may be eligible for a grant which will not need to be paid back. We strongly recommend ALL students apply for Federal Financial Aid by completing the free Application for Federal Student Aid (FAFSA).

Federal PELL grants are available for students who exhibit financial need and who are registered for at least one course. A federal formula is used to determine the grant amount which ranged between \$200 - \$7,400 for the 2010-2011 academic year. Federal Academic Competitiveness Grants (ACG) and Federal Supplemental Educational Opportunity Grants (FSEOG) may be other options for Sinclair students.

The Sinclair Financial Aid Office can also provide you with information about specialized grant programs. They can be reached at (937) 512-3000.

WORK STUDY PROGRAMS

Some Sinclair students may be eligible for government funded work-study programs. These programs provide need-based employment to help students meet education costs and supplement their income. They allow students to work part-time on campus or with an approved off-campus employer. Students who are interested in work-study can indicate this on their FAFSA, and those who are eligible for work-study will see this information on their Sinclair financial aid package.

STUDENT LOANS

Sinclair students whose financial aid needs cannot be met through scholarships, grants or work-study have other loan options to consider. This money will need to be paid back.

Federal Direct Student Loans are available for students enrolled for at least six hours per quarter. Depending on need, the loan will be subsidized (interest paid by the federal government while the student is attending school) or unsubsidized (interest begins accruing when the loan is paid out). Interest on federal student loans may be tax deductible. Loans are disbursed directly to Sinclair.

Federal Parent PLUS Loans may be available to parents of dependent students who are enrolled for at least six hours per quarter. A credit check is required for this loan. If you apply for and are denied a Federal Parent PLUS loan due to the credit check, the amount the student can borrow through an unsubsidized Stafford Loan may increase. The maximum amount a parent can borrow is the student's cost of attendance minus other financial aid. PLUS loans are disbursed directly to Sinclair.

TAX CREDITS

There is an opportunity for families to claim up to \$2,500 in tuition and fees paid during the calendar year when they file taxes the following year. This can be done as a tax credit through the new American Opportunity Tax Credit.

Have questions about which options are right for you? Be sure to contact the Financial Aid Office for more information about the financial aid options available through Sinclair at (937) 512-3000.

COLLEGE SCHOLARSHIPS SUPPORTED BY THE FOUNDATION

A portion of the Sinclair Foundation's general endowment also supports the college board of trustee's established scholarships. In 2010, an additional 1,231 students received scholarships totaling more than \$666,500 from support provided, in part, by the Sinclair Foundation.

Sinclair Foundation scholarships may be available for students who demonstrate financial need or who meet other eligibility criteria. Whether you are a star athlete, a great debater or an active community volunteer, there may be a Sinclair Foundation scholarship for you. Students may earn scholarships for many reasons including academic achievement, group affiliation or participation, ethnicity and more. Many of Sinclair's departments also offer scholarships for students enrolled in a particular field of study.

This guide is designed to provide you additional information about the many Foundation scholarships available at Sinclair including those for part-time, full-time and general study. Be sure to carefully review the eligibility criteria to identify the scholarships that best meet your needs.

How to Apply

Students can apply for Sinclair Foundation scholarships through the online Scholarship Tracking and Review System (STARS) Online system. STARS will identify the most likely scholarship matches.

To get started, visit <http://www.Sinclair.edu/stars>:

- Make sure you are using Internet Explorer 6.0 or higher as your web browser
- Obtain your Sinclair e-mail address
- Obtain your Sinclair I.D. number
- Some financial need-based scholarships require you to complete the Free Application for Federal Student Aid (FAFSA)
- After reading the instructions, visit <http://scholarships.Sinclair.edu/stars> to start application.

For questions, contact the Financial Aid office at (937) 512-3000.

Science, Mathematics & Engineering Scholarships

Scholarship	Description	Criteria
Armed Forces Communications Electronics Association Scholarship	Established to promote and foster the establishment of a reservoir of trained and qualified scientists and engineers, and to provide financial support to students pursuing a degree in the Science, Mathematics, and Engineering or Business & Public Services divisions.	<ul style="list-style-type: none"> • Must complete at least 30 credit hours, and not more than 100 credit hours • Enrolled in a Science, Mathematics & Engineering division program • AFCEA members given preferential consideration • Transfer students need to complete at least one term as full time student at Sinclair • Must have demonstrated potential for completing the course of study • Must Be a U.S. citizen
ASE Auto Technology Scholarship	Established in January 1996 to assist students pursuing professional training and careers in Automotive Technology.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Enrolled in Automotive Technology program • Applicants may be a graduating high school senior or continuing student at Sinclair • Minority and female applicants encouraged to apply • High school students currently enrolled in the Tech Prep Automotive Track who are taking a course at Sinclair for college credit are eligible
Conrade Hinds Memorial Math & Science Scholarship	Established in February 2000 for students pursuing associate degree in either Mathematics or one of the Natural Sciences with the goal of encouraging higher academic degrees.	<ul style="list-style-type: none"> • Minimum 2.7 GPA • Completed 12 credit hours toward an associate degree program with a concentration in Mathematics or one of the Natural Sciences • Women, African-American and other minorities are encouraged to apply • U.S. citizen
DaimlerChrysler College Automotive Program (CAP)	Established in May 1995 to attract person to career opportunities in the Automotive Technology profession and to assist students enrolled in Chrysler's CAP program at Sinclair.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Completed 45 credit hours of coursework in the CAP curriculum successfully • Enrolled in CAP program
Dayton Section IEEE Merit Scholarship	Established to assist students pursuing an education in Electronics Engineering Technology.	<ul style="list-style-type: none"> • Enrolled in the Electronics Engineering Technology program • Members of the Sinclair IEEE Student Chapter • Merit scholarship
Dayton Tooling and Machining Assoc. Step II	Established by Sinclair and Dayton Tooling for beginning Step II students and for Step II students in need during the course of pursuing a degree.	<ul style="list-style-type: none"> • Beginning student admitted to the Step II program
Delta Nu Alpha Transportation Fraternity <i>(Also listed under Business & Public Services)</i>	Established in July 1994 to assist students pursuing an associate degree, funded by the Dayton Chapter of DELTA NU ALPHA.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Full- or part-time students enrolled in Supply Chain Management or Aviation Technology
Donald and Barbara Combs Scholarship Fund	Established to advance education by providing scholarships to students majoring in engineering who possess financial need.	<ul style="list-style-type: none"> • Enrolled in an engineering program • Financial need
Dr. Lewis Jackson Aviation Scholarship	Established in honor of former Sinclair Vice President Lewis A. Jackson, for his two passions: Education and aviation.	<ul style="list-style-type: none"> • Minimum 2.0 GPA • Minimum of 6 credit hours per quarter • Enrolled in an Aviation program • African descent • Financial need • Must submit a one page essay on personal goals

Science, Mathematics & Engineering Scholarships

Scholarship	Description	Criteria
Dr. Nicholas Scambilis Scholarship <i>(Also listed under Business & Public Services)</i>	Established in 2003 to assist students in Sinclair's Fire Science Technology (FST) and Environmental Engineering Technology (EVT), especially those who aspire to a bachelor's degree or higher.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Full- or part-time student enrolled in FST or EVT program
East Dayton Optimist Harold and Christine Gum Memorial Scholarship	Established in March 1999 by the East Dayton Optimist Club and members of the Gum Family to honor the memories of Harold and Christine Gum, and to assist graduates of Stebbins High School desiring to major in Aviation Technology.	<ul style="list-style-type: none"> • Minimum high school 2.5 GPA • Preference given to Stebbins High School graduate • Preference given to students enrolled in the Aviation Technology program • Montgomery County resident
Environmental Engineering Technology	Established in October 2000 to enhance the Environmental Engineering Technology (EVT) profession by encouraging students to pursue a degree in the EVT field.	<ul style="list-style-type: none"> • Minimum 2.25 GPA • Completed 12 credit hours of college level courses • Enrolled in Environmental Engineering Technology (EVT) program
Fleck Scholarship Fund	Established by the widow of Armin J. Fleck in 2000 to make grants from the income of the fund to individuals pursuing training in the mechanical arts and quality control. It is funded by the Ernestine Fleck Trust.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Enrolled in either degree or certificate programs or taking courses in one of the specified engineering disciplines
Fleck Trust Automotive Technology Scholarship	Established by the widow of Armin J. Fleck in 2000 to make grants from the income of the fund to individuals pursuing training in the mechanical arts and quality control. It is funded by the Ernestine Fleck Trust.	<ul style="list-style-type: none"> • Minimum 2.0 GPA • Enrolled in one of Sinclair's automotive programs: GE-ASEP, Chrysler CAP, Honda, Ford MLA as well as the Automotive-comprehensive associate degree program, comprehensive certificate program and high performance short-term certificate
Ford Motor Co. Scholarship	Established in July 1998 to assist students in the Dayton region to pursue professional training and careers in Automotive Technology working in a Ford Dealership.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Enrolled in Automotive Technology program • May be a graduating high school senior or continuing students at Sinclair • Working at a Ford dealership in a full-time, part-time, or apprenticeship capacity • Minority and female applicants are encouraged to apply
General Motors ASEP Scholarship	Established in 1995 to assist students in the Dayton region to pursue professional training and careers in Automotive Technology and the ASEP program.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Enrolled in Automotive Technology, General Motors ASEP program • May be graduating high school seniors or continuing students at Sinclair • Minority and female applicants encouraged to apply
George C. Johnston General Motors Scholarship Fund	Established in 1995 to recognize George G. Johnston's long association with GM and his desire to assist students pursuing an Automotive Technology degree.	<ul style="list-style-type: none"> • Considerations included selecting recipients will include GPA, qualities of leadership, and high standard of work ethics • Enrolled in General Motors ASEP program • Recipients will be selected from the top tier of students completing their freshman year

Science, Mathematics & Engineering Scholarships

Scholarship	Description	Criteria
Gudorf Aviation Scholarship	Established by Greg and Cheryl Gudorf to encourage the pursuit of aviation related educational endeavors at Sinclair Community College.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Enrolled in one of the Aviation Technology programs • Completed 12 credit hours of college-level coursework • Preference will be given to students who do not have other forms of financial aid
Hollis Student Emergency Grant	Established by Russ Hollis to provide emergency support for students that have no other financial aid source to keep them in school.	<ul style="list-style-type: none"> • Minimum 2.0 GPA • Enrolled in Engineering or Industrial Engineering Technology • Financial need and not eligible for any other financial assistance
Jacque R. Sheley Home Builder's Association <i>(Also listed under Business & Public Services)</i>	Established in 1988, Home Builders Association wishes to assist graduates of Improved Solutions for Urban Systems Inc (ISUS) who attend Sinclair to study civil construction, engineering technologies or business technologies programs.	<ul style="list-style-type: none"> • Enrolled in Civil Construction, Engineering Technologies or Business Technologies • ISUS graduates applying for the scholarship funds should have a minimum High School 2.8 GPA, but this requirement may be waived upon the recommendation of ISUS • Be a graduate of the ISUS program or otherwise recommended by ISUS
James B. Winget Scholarship Fund <i>(Also listed under Business & Public Services)</i>	Established in March 1998 by the Dayton Foundation in honor of James B. Winget, and to assist Sinclair students pursuing a degree.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Enrolled in a Business or Engineering program • Belmont High School graduate or Dayton resident within 45420 or 45410 area
Judson W. Dillon Engineering Scholarship	Established in honor of Judson W. Dillon to assist students enrolled in an engineering program.	<ul style="list-style-type: none"> • Minimum 3.0 GPA • Enrolled in an Engineering Technology program • Financial need
Kittyhawk Chapter of Association of Old Crows	Established in December 2008 to aid in the development of professionals who have the capability to continue the tradition of providing for the security of the free world. The AOC Scholarship program is intended to provide financial assistance and career information to students with the potential to take up a career in electronic defense.	<ul style="list-style-type: none"> • Minimum 3.0 GPA • Completed at least 20 credit hours of core curriculum • Full-time student enrolled in Chemistry, Physics, Engineering, Mathematics, or Computer Information Systems • U.S. citizen
Lewis A. Jackson Aviation Scholarship	Established in February 2007 honor of former Sinclair Vice President Lewis A. Jackson, for his two passions: education and aviation.	<ul style="list-style-type: none"> • Apply for one of Sinclair's Aviation Technology programs • African descent
Liberto A. Giambrone Memorial Scholarship	Established December 1995 by Sinclair mathematics professor Al Giambrone in honor of his father Liberto A. Giambrone, and to assist students currently taking class in 200 level math courses.	<ul style="list-style-type: none"> • Minimum 3.0 GPA • Completed 20 credit hours of (non-developmental) coursework including at least one 200 level math course • Transcript must accompany application
Maurice Jacobs Memorial Endowment for Math Students	Established May 1999 by the family of Maurice Jacobs, former math professor at Sinclair to honor his memory and his teaching excellence, and to provide assistance with education costs to Math and Engineering Major students currently enrolled in math courses.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • Completed 30 credit hours of (non-developmental) coursework • Student enrolled in Math or Engineering student enrolled in math courses (Calculus sequence 201, 202, 203, 204 or Tech Math 132 or 133)

Science, Mathematics & Engineering Scholarships

Scholarship	Description	Criteria
Mechanical Engineering Technology Faculty Education	Established in May 2006 in recognition of Dr. Alan Watton for his years of teaching Mechanical Engineering and HVACR, also to provide financial support to students pursuing a degree in the Science, Mathematics, and Engineering division.	<ul style="list-style-type: none"> Enrolled in Engineering Technology Design or Heating, Ventilating, Air Conditioning, and Refrigeration program
Messersmith Architectural Technology Scholarship	Established in honor of Susan M. Messersmith, the first female engineering faculty at Sinclair, and to support students pursuing a degree in Architectural Technology.	<ul style="list-style-type: none"> Minimum 2.5 GPA Completed at least 30 credit hours at time application Accepted in Architectural Technology program
Michael J. Canestaro Sr. Chemistry Scholarship	Established January 2008 by Michael Canestaro Jr. to honor his professional mentor and father Michael Canestaro Sr., and to assist students preparing for a career in Chemistry or Bio Technology.	<ul style="list-style-type: none"> Minimum 2.5 GPA Full- or part-time student enrolled in Chemistry or Bio Technology program Preference given to students who do not have other forms of financial aid
Minority Engineering Technology Scholarship	Established in 1990 to assist African American students or female students of any race who are pursuing a degree in the Science, Mathematics & Engineering division.	<ul style="list-style-type: none"> Minimum 2.5 GPA Complete at least 6 credit hours per quarter Full- or part-time student making satisfactory progress toward a degree or certificate in the Science, Mathematics & Engineering division Black (male or female) or female (of any race) Montgomery County resident
Mraz Scholarship	Established in December, 2010 by Michael Mraz to advance education by providing scholarships to students pursuing a degree in the Science, Math or Engineering division.	<ul style="list-style-type: none"> Enrolled in a Science, Math, or Engineering program
NAECON Scholarship Fund	Originally established in memory of Louis J. Urban, past employee of Sinclair, in 1985 to promote the goals of NAECON and IEEE by helping worthy students in need of financial aid to complete their undergraduate education at Sinclair	<ul style="list-style-type: none"> Minimum 3.4 GPA Second year of studies in Electronics Engineering Technology program First priority will go to full-time students Prove existing financial need Member of IEEE (or become a member upon receipt of the scholarship award)
National Conference Standards Laboratories Scholarship	Established by the National Conference of Standards Laboratories. The scholarship shall benefit students pursuing education in Measurement Science (Metrology).	<ul style="list-style-type: none"> Minimum 2.5 GPA Full- or part-time student taking metrology courses (OPT 100)
Procter & Gamble MET Scholarship	Established in May 2003 for the purpose of assisting students who wish to pursue careers in Mechanical Engineering, Operations Technology or Heating, Ventilation, Air Conditioning, and Refrigeration (HVACR) associate degree programs.	<ul style="list-style-type: none"> Minimum 3.0 GPA Completed 25 credit hours in college-level coursework Full- or part-time student enrolled in Mechanical Engineering Technology or HVAC program Consideration given to applicants who are members of any professional and/or student/service organization
Reynolds and Reynolds Foundation Scholarship	Established for the purpose of assisting students in the Automotive Technology program.	<ul style="list-style-type: none"> Enrolled in Automotive Technology program

Science, Mathematics & Engineering Scholarships

Scholarship	Description	Criteria
Richard Wartinger Memorial Scholarship	Established 2002 by the family of Richard Wartinger to recognize and celebrate his long career associated with Aviation, and to further the education of Sinclair students seeking a degree in the field of Aviation Maintenance.	<ul style="list-style-type: none"> Completed minimum of 12 credit hours of college-level coursework in one of the three Aviation programs Full- or part-time student enrolled in an Aviation program Preference given to students who do not have other forms of financial aid
Robert D. Minneman Scholarship	Established in 1995 by the employees of the Minco Tool Group for students in the Step II certificate program or the associate degree programs of Computer Aided Manufacturing (CAM).	<ul style="list-style-type: none"> Beginning students admitted to the Step II certificate program or the associate degree programs of Computer Aided Manufacturing (CAM)
Ron and Bobbi Hutchins Step II Scholarship	Established by Ron and Bobbi Hutchins in November 1996 to invest in the future success of Sinclair's Step II program by providing scholarship.	<ul style="list-style-type: none"> Minimum 2.5 GPA Enrolled in Step II program Preference given to students with financial need
Safety and Risk Management Engineering Technology Scholarship <i>(Also listed under Business & Public Services)</i>	<ul style="list-style-type: none"> Established in spring 2000 by Kittyhawk ASSE to enhance the Safety & Risk Management Engineering Technology profession and to recognize the support and partnership forged with Sinclair, American Society of Safety Engineers Kittyhawk Chapter, and to assist students majoring in Fire Science Technology (FST), or Environmental Engineering Technology (EVT) program 	<ul style="list-style-type: none"> Minimum 2.25 GPA Completed at least 12 credit hours college-level courses Enrolled in Fire Science Technology (FST), or Environmental Engineering Technology (EVT) program Active member of the ASSE Kittyhawk Student Chapter Students may substitute a letter of recommendation from a former instructor and a statement of intent to become active in the ASSE Kittyhawk Student Chapter Preference given to recipients who demonstrate academic achievement and career potential in addition to meeting the minimum requirements
Sinclair Science, Math and Engineering - Faculty Recognition	Established in September 1994 to pay tribute to Science, Mathematics, & Engineering division faculty members who serve students in the division and to support students pursuing a degree in the same field.	<ul style="list-style-type: none"> Minimum 3.0 GPA Completed at least 15 credit hours of college-level study (development courses excluded) in their declared program Full- or part-time student enrolled in a Science, Mathematics, & Engineering division program
Society of American Military Engineers (SAME) Scholarship	Established in August 2006 to assist students in Sinclair's Environmental and Civil Engineering Technology program.	<ul style="list-style-type: none"> Minimum 2.5 GPA Full- or part-time student enrolled in an Engineering program Preference given to students who are returning to school for a career change or significant retraining Recipients invited to attend one meeting of the society of American Military Engineers during the term of their scholarships

Science, Mathematics & Engineering Scholarships

Scholarship	Description	Criteria
U.S. Air & Trade Show Education Endowment	Established in August 1989 to provide assistance and encouragement to students pursuing a degree in Aviation Technology.	<ul style="list-style-type: none"> • Minimum 2.5 GPA • In the term covered by the endowment funds, student must be enrolled for at least 6 credit hours in courses required to obtain an associate degree in Aviation Technology or, if developed in the future as a career program. • First priority will go to full-time students • Sincere desire to work in Aviation related field and be currently enrolled in Sinclair Aviation Technology program
Women in Science, Technology, Engineering and Mathematics Scholarship (WiSTEM)	Established in March 1999 to assist female students in the Dayton region to pursue education at Sinclair leading to a career in Engineering & Technology.	<ul style="list-style-type: none"> • Minimum 3.0 GPA • Completed 25 credit hours at the end of winter term (in the year of award) • Full- or part-time student enrolled in one of the engineering technologies associate degree programs at Sinclair • Female • Preference given to applicants who are members of any other professional society and/or service organization

- Access
- Hand bell, Choir, Singers and Chorale
- Latino/Hispanic
- Martin Luther King Scholarships
- Performance and Talent
- Presidential Scholarships
- Sinclair Book Award
- Sinclair/MVCTC Scholarship
- Single Parents
- Student Leadership
- Virginia McNeal Trustees Scholarship Program
- Young Scholars Program

Donor Information

Scholarships motivate today's students and tomorrow's leaders.

Each year at commencement, Sinclair graduates proudly walk across the stage to receive their degrees. Many of them attribute their success in part to the scholarship support they received through funds raised by the Sinclair Foundation. Scholarships transform dreams to reality, support ability and talent, and offer rewards for determination, vision and hard work.

The majority of the scholarships listed in this guidebook have been made possible through the generosity of private contributions to the Sinclair Foundation. If you are interested in establishing a scholarship or making a donation, contact the Sinclair Foundation at (937) 512-2510 or www.Sinclair.edu/foundation.

Questions to consider when establishing a scholarship:

- **Expendable or Endowed Scholarship?** - Expendable scholarships are used on an annual basis for merit or need- based awards until the fund is depleted. When establishing an endowed scholarship, the principal will be invested in perpetuity. Interest income generated by the principal will be used to fund scholarships each year. A suggested minimum of \$20,000 is required to establish an endowed scholarship.
- **Merit- or Need- Based?** - A merit scholarship recognizes and fosters high academic standards. Need-based scholarships are awarded based on the financial status of the deserving student. Many scholarships are both merit and need-based.
- **New or Continuing Student?** - You may choose to award your scholarship to a student based on his or her high school record or on academic and/or co-curricular performance while at Sinclair. Criteria for the awards will be based on your preferences.
- **Specific Department or Field of Study?** - Current, Sinclair offers more than 170 degree and certificate programs in career fields. The Sinclair Foundation will work with you to identify opportunities and establish scholarship criteria that best exemplifies your interests as a donor.
- **Not sure?** - Donations to the General Scholarship Fund will allow Sinclair to meet the most pressing needs each term.

Sinclair Foundation representatives will help you realize your philanthropy objectives. Please call (937) 512-2510 for more information, without obligation.
