### **Sinclair and Riverside Research Institute Establish Training Agreement**

Dayton, Ohio – The Workforce Development & Corporate Services Division of Sinclair Community College (WFD&CS) and Riverside Research Institute (RRI) have established a partnership to provide, continuing education, Advanced Technical Intelligence (ATI) classes commencing Summer 2010 .

With research offices in Beavercreek and various locations around the U.S., RRI is a not-for-profit research company with over 40 years of experience in providing technical and programmatic support to government and public clients. RRI supports multiple organizations in the Intelligence Community (IC), giving RRI a full understanding of the interrelationships of commands and agencies relevant to the acquisition and intelligence communities. With this experience, RRI has become a recognized expert in ATI and delivery of specialized education and training for cleared government and industry professionals. RRI is an authorized provider with the International Association for Continuing Education and Training (IACET).

WFD&CS' mission is to be a partner in meeting the workforce learning needs of individuals, employers, and the community through an array of innovative, high-value, customer-focused programs and services.

To kickoff the partnership, Sinclair's WFD&CS and RRI will host a *Preparing Our Nation's Intelligence Professionals Breakfast Briefing* from 7:30-9:00 a.m. on Thursday, May 20. It will be held at Sinclair's Learning Center at Miami Valley Research Park, Suite 100, 1900 Founders Drive in Kettering. Cost is \$15. Registration is available online at <http://workforce.sinclair.edu> or by phone at (937) 512-5741.

The briefing will be presented by Robin Gibson, RRI Education and Training Manager, who has over 30 years' experience in intelligence supervision, all-source analysis, military training, education, resource and program management and security. His presentation will provide attendees with an understanding of today's challenges in the fast-paced world of ATI, how RRI's short courses can help improve employee capabilities through course applications to company programs and processes, and relationships within the ATI community.

Courses now available through this partnership currently include *Introduction to Intelligence, Surveillance, and Reconnaissance* June 9-11, *Introduction to Overhead Persistent Infrared* on June 16, *Introduction to the Intelligence Community* on July 8, and *Fundamentals of International Terrorism* on July 27. IACET Continuing Education Units will be awarded to students who successfully complete the RRI classes offered through Sinclair's WFD&CS. Full course descriptions, fees and requirements, and registration are available online at <http://workforce.sinclair.edu> or by phone at (937) 512-5741. Classes will be held at RRI's Dayton Research Center located at 2640 Hibiscus Way in Beavercreek.
