

Sinclair Begins CLEP & Kryterion Testing at Miami Valley Research Park

Sinclair Community College now offers examinations by CLEP (College-Level Examination Program) and Kryterion. The online assessments are available in the Testing Center at Sinclair Workforce Development's Miami Valley Research Park site, 1900 Founders Drive in Kettering.

Developed by the College Board, the people behind AP and the SAT college entrance exam, CLEP has been the most widely trusted credit-by-examination program for over 40 years. It is accepted by 2,900 colleges and universities, including Sinclair.

CLEP exams test mastery of college-level material acquired in a variety of ways including general academic instruction, significant independent study or extracurricular work. CLEP exam-takers include adults just entering or returning to school, military service members and traditional college students. Most of the CLEP exams are 90-minutes long and cost \$77. The tests are free to U.S. military service members. However, every test taker must pay a \$20 administration and registration fee.

Sinclair now offers certification exams for Kryterion, a full-service provider of customizable assessment and certification products and services. Its most notable examinations are the Council for Service Management Education (CSME), authors of all the ITIL exams, Salesforce (SF), which authors all of the Salesforce.com exams, and the Software Engineering Institute (SEI), which authors the CMMI exams.

Sinclair's Testing Center at MVRP also offers exams from vendors such as ACT, Castle, Pearson VUE, Prometric and *pan*. Additionally, Sinclair's MVRP facility is fully-equipped with the latest technology and offers flexible meeting rooms, dedicated computer labs, on-site technical support and wireless connectivity. Clients may reserve space for their own programs or partner with Workforce Development to provide targeted training solutions for their organization's unique needs. For more information, call 937 252-9787 or go online to www.sinclair.edu/facilities/wfd/tc/.
