

# eLearn and Learning Technologies

Revised March 2021

## Login to eLearn

1. Login to the Sinclair portal at [my.sinclair.edu](http://my.sinclair.edu) with your Sinclair network username and password.
2. Click on the **eLearn** tile which takes you to the landing page, your eLearn home page.
3. Select your course on the left, or click the **Select a course** icon  located in the mini-navbar at top of the page. Search for your course title in the search tool, for example: "COM 2211." Click on the course title, which takes you to the course home page.
4. Click **Content** to see the layout of the course where students access the materials and assignments. Click **Manage** to access the various eLearn tools for building or maintaining your course.

## Online Training

You have access to a self-paced online course and a demo course for experimenting. If you cannot find these courses listed, contact support.

1. Login to eLearn per the instructions above.
2. Select **Faculty Training** atop the My Courses widget on the left.
3. Select the **eLearn Hub** or click **Select a course**  to search for it.
4. Click **Content**. Then, click the **Welcome** module located under **Table of Contents** on the left of the page. Then, select any desired module to learn more about eLearn, we suggest starting with **Level 1 Training**.
5. Click the Sinclair logo at upper left of page to return to your eLearn home page.
6. Select the demo course with your name on the left, or click **Select a course**  to search for it: for example, "demo", space, your last name.
7. Click **Content** to see the layout of your demo course which will be an empty course "shell." Click **Manage** to access the various eLearn tools for building or maintaining your course.
